SETUP

Topical student presentations

- Deliverables:
  - Short slide deck with your presentation, explanation, discussion, appendix for references and elements to support discussion
  - Tight timing (5min max), ideally all members present/contribute
  - Deck to shared with me 48 hours before the start of the session, will be made available on Blackboard after presentation
  - Groups within a theme are allowed to exchange in the preparation of the debate

- Scope
  - I'll share the large list of contributed ideas for inspiration
  - I'll let you decide what you think is interesting and relevant for the audience
  - You can approach me for guidance

SETUP

Topical student presentations

- Presentation:
  - 1 theme explored with 2 to 3 teams presenting related topics (10 to 15 min)
  - Discussion of 10 min afterward
  - Presenter should create a debate (sustain views/opinions, raise questions, ...)
  - Audience should participate (challenge, ask explanations, share views, ...)

- Evaluation:
  - Quality (submitted ideas, deck, presentation, discussion)
  - Participation (presenters & audience)
  - Following guidelines (ideas submission, timing management, ...)
  - Time to prepare presentation and group sizes will be accounted for
